## SUMMARY OF SAFETY AND EFFECTIVENESS

In accordance with the requirements of the Safe Medical Device Act of 1990 and 21 CFR 807.92, Linvatec Corporation is hereby submitting the 510(k) Summary of Safety and Effectiveness for the BioScrew® XtraLok™ Bioabsorbable Interference Screw 510(k) Number K013131.

### A. Submitter

Linvatec Corporation  
11311 Concept Boulevard  
Largo, Florida 33773-4908

### B. Company Contact

Laura D. Seneff, RAC  
Manager, Regulatory Affairs  
(727) 399-5234 Telephone  
(727) 399-5264 FAX

### C. Device Name

Trade Name: BioScrew® XtraLok™

Common Name: Bioabsorbable Interference Screw

Classification Names: Fastener, Fixation, Biodegradable, Soft  
Tissue

Proposed Class/Device: Class II  
Product Code MAI

Summary of Safety and Effectiveness  
BioScrew® XtraLok Bioabsorbable Interference Screw  
510(k) # K013131

**D. Predicate/Legally Marketed Devices**

Linvatec BioScrew® 510(k)# K973758

**E. Device Description**

The BioScrew Xtralok™ is a cannulated, sterile, single-use bone screw made of an absorbable homopolymer derived from Poly (L-Lactic Acid).

The BioScrew XtraLok will be available in 6 sizes: 9, 10, and 11mm diameters by 35 or 40mm lengths. The proximal face is angled from the axis of the BioScrew, and the proximal region of the threaded body tapers to a larger diameter.

**F. Intended Use**

The BioScrew XtraLok provides tibial interference fixation of a soft tissue graft for ACL and PCL reconstruction.

**G. Substantial Equivalence**

The BioScrew XtraLok is substantially equivalent in design, materials and intended use to the Linvatec BioScrew interference screw. The BioScrew XtraLok interference screw does not raise any new issues of safety or effectiveness when compared to this predicate device.

Re: K013131

Trade/Device Name: BioScrew XtraLok™  
Regulation Number: 21 CFR 888.3040  
Regulation Name: Smooth or threaded metallic bone fixation fastener  
Regulatory Class: II  
Product Code: HWC  
Dated: March 12, 2002  
Received: March 13, 2002

Dear Ms. Seneff:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

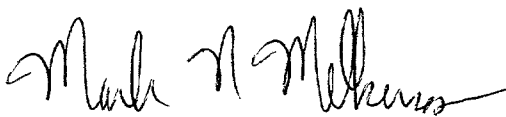

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Page 2 – Ms. Laura D. Seneff, RAC

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 21 CFR Part 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4659. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/dsma/dsmamain.html>

Sincerely yours,

  
for Celia M. Witten, Ph.D., M.D.
